

October 31, 2002

Ms. Cathi Dodgen
City Clerk
City of Port Gibson, Mississippi
P.O. Box 607
Port Gibson, MS 39150

SUBJECT: NOVEMBER 14, 2002, MEETING AT PORT GIBSON CITY HALL

Dear Ms. Dodgen:

The purpose of this letter is to confirm our room reservation for the public meetings that the Nuclear Regulatory Commission (NRC) plans to hold on November 14, 2002, at the Port Gibson City Hall. Entergy Operations, Incorporated (Entergy) has informed the NRC staff that it plans to file an early site permit (ESP) application in June of 2003 to obtain site approval for future reactor or reactors at the Grand Gulf site. The purpose of these meetings is to inform the public regarding the review process which will be used by the NRC for the ESP application for the Grand Gulf site.

Your letter dated October 8, 2002, that was faxed to Ronaldo Jenkins of my staff, provided the "Rules for the General Public" use of the city hall facility. By signature of these rules (see enclosure), we acknowledge and accept the terms of this agreement. Mr. Jenkins will be in contact with you or Mrs. Beesley regarding any other arrangements needed to support the subject meetings. I would like to thank you and Mrs. Beesley for your assistance and hospitality in this matter.

Please contact Ronaldo Jenkins, the ESP Senior Project Manager at 301-415-2985 if you have any questions on this matter.

Sincerely,

/RA/

James E. Lyons, Director
New Reactor Licensing Project Office
Office of Nuclear Reactor Regulation

Project No. 720

Enclosure: As stated
